Dear Ms. Goncalves:

As owner of Sabatini Leather Goods, I would like to express interest in a short-term leasing opportunity at La Gardina Mall.

Sabatini Leather Goods is a small company that manufactures and sells souvenir handbags and wallets. Our high-quality leather products are imprinted with the name of the tourist destination where they are sold. I have attached some images of our best-selling items from our most recent temporary shop in Glastonbury, where we had our best sales performance in the company's history. We have sold our products in 24 different locations so far, all with great success.

We have been looking for a place in Bay Shore for a while, and La Gardina Mall seems to be a good fit. We would like a space of about 150 square meters for a three-month period over the summer tourism season. Could you please call me at 555-0125 so that we can discuss this matter further?

Respectfully,

Marco Sabatini

Dear Ms. Zuckerman:

I regret to inform you that Tyche Fine Carpets, the supplier we selected for the carpets in The Pavel Hotel's lobby and lounge areas, will not have our chosen pattern available until after the hotel's anticipated opening date of March 1. Attached are photographs of several alternative selections that I believe will work well with the décor. They are all made of the same material as the previous selection, and the prices are comparable. With the grand opening less than a month away, I need a decision from you as soon as possible. Even with this last-minute change, I am certain that The Pavel Hotel will provide the ambience we have set out to create.

Thank you,

Miles Sorrell

Subject: Upcoming enhancements to our shuttle bus system

In direct response to your helpful feedback, we would like to announce a number of improvements to the shuttle system that connects the Optieris campus with the Morbrook and Nesse train stations. The following changes will go into effect on January 2:

- (1) A third bus will be added to our fleet to increase service frequency as well as capacity in case one bus is ever down for maintenance. Buses will now run every 15 minutes instead of 30 minutes.
- (2) A second campus stop will be added. Besides the current stop at the main administration building on the east side of the Optieris campus, there will be a second stop to better accommodate all our staff.
- (3) A service will be added in the evening. It will depart the Optieris campus 30 minutes later than the current last service of the day.

Thanks again for your input. For the sake of our environment, we are proud to facilitate your use of public transportation by making our shuttle bus service more convenient than ever.

I used Bright Now Home's new in-store customer pickup for the first time this week. The service was a big time-saver because my order was ready for me when I got to the store. Since I had already paid online, I didn't have to wait in the regular line in the store.

Unfortunately, I didn't double-check my order before I left the store. When I arrived at the house I was working on, I realized I had received only one of the two gallons of BN-101 paint I had ordered. I called the store immediately, and the manager arranged for me to pick up the missing gallon of paint at the location closest to where I was working. Also, he gave me my money back for both gallons. I will definitely use this service again!

Babson Vehicles Ltd. Enthusiastically Implements Deluxident's Newest Product

OTTAWA (10 June)—Babson Vehicles Ltd., a leading Canadian manufacturer, has just adopted a new fingerprint entry system aimed at improving company security. Created by Icelandic firm Deluxident, the system enables employees to enter campus buildings simply by scanning their fingerprints.

According to Babson's CEO Daniel Deems, Deluxident's fingerprint-scanning system is a significant improvement over other security products the company has tried in the past.

"Deluxident's fingerprint scanner has been a tremendous asset. In the past, we always accessed our buildings by using photographic and electronic identification badges," said Deems. "Producing and replacing lost badges, however, was expensive. In addition, they posed a significant security threat. Employees sometimes forgot their badges, adding to traffic through our security office. All in all, the badges were costly and risky."

For the past decade, Deluxident has been offering high-tech workplace solutions with its innovative digital products. Headquartered in Reykjavík, Deluxident delivers items worldwide and offers 24-hour technical assistance by telephone. For further details about the new fingerprint-scanning entry system, visit www.deluxident.is.

161. What is implied about Mr. Deems?

- (A) He oversees multiple buildings.
- (B) He makes frequent trips abroad.
- (C) He is a successful inventor.
- (D) He often misplaces his identification badge.

162. Why does Mr. Deems prefer Deluxident's new product over previous products?

- (A) It facilitates campus entry for visitors.
- (B) It lowers expenses in the long term.
- (C) It requires photo identification.
- (D) It allows employees to quickly locate each other.

163. What is true about Deluxident?

- (A) It ships its products internationally.
- (B) It is based in Canada.
- (C) It provides on-site consulting services.
- (D) It plans to merge with Babson Vehicles Ltd.

Maria Cleary

Great Falls, MT 59401

Paul Donnell
5267 Cotton Vale
Helena, MT 59624

Dear Mr. Donnell,

After searching through Lewis and Clark County's public property tax records online, I discovered that you are the owner of the building that was once a general store on the corner of Waller Avenue and Main Street. As far as I can tell, the building has been boarded up and unoccupied for quite a few years. — [1] —. I would like to know if you would be interested in selling it.

I have been planning to open a café in the area, and I believe that with some modest improvements, your building could be the perfect location. I would want to keep as much of the original structure intact as possible. — [2] —. Any modifications would be minor.

I realize there are other buildings for sale in the business district, but they do not have the same connection to the community. — [3] —. I have spoken with many Helena residents who have fond memories of your building, and they would like to see it transformed into a usable structure again. — [4] —. I am confident that my plan would be welcomed by the community.

Thank you for considering my offer. If you would like to discuss details, I can be reached at 406-555-0181.

Sincerely,

Maria Cleary

Dear Mr. Raman,

Thanks for encouraging me to apply for the position at Neela Advertising and for writing such a glowing referral on my behalf.

Mr. Nirmal, Neela's chief recruiting officer, expressed his admiration for the television commercials I produced for Delhi Works, but he explained that his company in fact needs someone who can also create Web content and applications. I was therefore not offered the position.

Kindly let me know if you happen to hear of any other positions that might be a good fit for me. Thank you in advance.

Questions 196-200 refer to the following e-mails and memo.

To:	Kyung-Jin Sohn
From:	Darius Jackson
Date:	November 8
Subject:	Solutions to a problem

Dear Ms. Sohn,

As you know, competition for use of the printers has been causing a great deal of delay for members of the legal department. Everyone has had to wait to print documents at some point. Some of us have had to start coming to work earlier, and others are staying late. This is having a negative impact on our productivity and morale.

We could improve the situation for the remainder of the year by posting a sign-up sheet next to the printers. To be fair, each employee should sign up for only two fifteen-minute blocks per day. We could also reserve the lunch hour for unscheduled printing. And we should consider discontinuing the use of color printers until the situation is under control—color printing is up to five times as expensive as black-and-white printing. Let me know what you think.

Regards,

Darius Jackson
Legal Administrator, Reeder and Kelter, Inc.

MEMO

From: Kyung-Jin Sohn, Support Manager
Date: November 24
Subject: Printer use

We have purchased two new printers, a multicolor UX212 and a black-and-white UY120 Truzynx. Unfortunately, they will not be arriving until December 18. In the meantime, please continue to schedule your printer-use times using the online link I e-mailed you on November 10. Using this document, you may reserve up to two fifteen-minute printing periods per day. Please do not schedule consecutive sessions, and remember that we have set aside time both in the morning and in the afternoon for emergency printing. Also, please use the color printers only when absolutely necessary. We have been purchasing more color ink than usual because staff members are using the color printers for scanning and printing when the black-and-white printers are in use.

Questions 172-175 refer to the following article.

Perth Daily Tribune

Beneath the Bright Blue Sea

(2 November)—If you are looking for Sara Nannup, start by checking under the sea. That's where she has captured all the images in her latest book of photography, *Beneath the Bright Blue Sea*.

Ms. Nannup began taking pictures when her father gave her an easy-to-use instant camera for her fifth birthday. When she went to university, however, she put the camera down to pursue a career in print journalism.

After she graduated, Ms. Nannup was hired as a staff writer by the *Perth Daily Tribune* and had little time for taking pictures. That changed when she attended an underwater photography workshop while on vacation in Bali, Indonesia. There her interest in photography was renewed, and she eventually left her job at the newspaper to devote herself to photography full-time.

Although she started with a child's instant camera, Ms. Nannup now works with

advanced underwater cameras. To deal with wear and tear, she updates her equipment every few years. "Salt water and sand pose challenges for underwater photography equipment beyond those that an everyday camera would face," she said.

After years now of diving and taking pictures, she has yet to tire of her profession. "I still love being able to show people images of creatures and places that they have never seen," says Ms. Nannup.

Most of Ms. Nannup's work, including her latest release, focuses on the ocean around Australia. In May, however, she will travel to Greece to photograph underwater ruins in the Mediterranean for her next book.

Visit www.saranannup.com.au for more information on Ms. Nannup and her work.

Questions 186-190 refer to the following article, Web page, and online order form.

KELOWNA (2 June)—A new enterprise is revolutionizing mealtime in Kelowna. Fine Fresh Foods is a meal-delivery service that was founded one year ago by Kathryn Mishra. The service allows users to go online and browse hundreds of recipes. They select the recipes they like and have the ingredients, with cooking instructions, shipped to them on a weekly basis.

Ms. Mishra first thought of the idea when she observed her friends' hectic lives. "My friends were too busy to plan, shop, and cook for themselves," she explained. "Most nights they would go to a restaurant and get takeout food. Some wanted to cook at home

in their kitchens but didn't feel confident in their abilities."

Ms. Mishra has found a way to streamline the whole process. Fine Fresh Foods works with local suppliers—often small farms—that are required to be organic. The focus on working with local partners, as well as the convenience and reasonable price of the service, has made the business extremely popular. At the moment, Fine Fresh Foods delivers only within Kelowna, but expansion to other areas is planned in the coming year.

The screenshot shows a web browser window with the URL <http://www.penningtonfarm.ca> in the address bar. The page content is as follows:

Pennington Farm is teaming up with Fine Fresh Foods! Since our founding over 30 years ago, we have always produced high-quality fruits and vegetables. We look forward to helping Fine Fresh Foods in its mission to provide delicious culinary creations sourced from local farms like ours.

Pennington Farm's fruits and vegetables can also be purchased at our farm stand seven days a week from 9:00 A.M. until 2:00 P.M. In addition, we sell our produce at the Hardy Street Farmers Market each Saturday morning and at Russell's Grocery Store throughout the week.

Hi, Kate,

The next focus group to test the new fruit-flavored beverage ideas will be held on February 1 in the Greenville office. Mari Kobayashi will be leading it.

Please design a questionnaire to collect the group's feedback using the one you created last month as a template and send it over to Mari. After the focus group takes place, please tally the results in the form of a chart. I need to incorporate this information into my monthly report to the chief marketing officer.

Pétion-Ville, Haiti: Zaboka Guesthouse
Posted by Wilford Gaines on October 7

I stayed at the Zaboka Guesthouse for three nights in April. There are several other hotels in the area, but in my view, this is certainly the nicest option within the price range. The lively courtyard and huge communal kitchen both present a great environment for meeting other guests. That was without a doubt my favorite aspect. If you plan to arrive in the evening, make sure you get the code to enter into the electronic keypad at the door, as the street level entrance is locked after 7 P.M. This isn't something I was made aware of, so I had to wait a short while to be let in. Other than that, I really enjoyed my stay!

"Last year, the province saw job expansion above the national average, adding more than 19,000 jobs overall," Dr. Belanger said. "About 17 percent were in small businesses. Moreover, thanks to the personal income generated by small companies, larger, established businesses benefited too."

Parties interested in starting a business can access the government's Provincial Small Business Center for help in creating a business plan, finding capital, and learning marketing strategies.

Ichiro Watanabe (9:30 A.M.)	Does anyone have ideas before the Friday department meeting for improving the inspection process for dental offices?
Suzanne Parrin (9:31 A.M.)	There is too much paperwork. Perhaps inspectors could complete forms electronically.
Zachary Qian (9:32 A.M.)	Great idea. That would eliminate paper completely.
Ichiro Watanabe (9:33 A.M.)	That's an effective way for us to save time and money, but how do we transition from using the current forms to electronic ones? How would inspectors be trained?
Suzanne Parrin (9:35 A.M.)	What if inspectors continue to use paper forms while they're learning how to use the new electronic version?
Zachary Qian (9:36 A.M.)	That way, they would gain some experience with the electronic forms. And maybe we could hire instructors to train our inspectors so they're ready for the transition.
Suzanne Parrin (9:38 A.M.)	Exactly. We could hold the training sessions here at the Labor Department.
Ichiro Watanabe (9:40 A.M.)	Great. I'll propose these ideas at the meeting.

Questions 191-195 refer to the following text message, article, and review.

**From: Fausto Forletti [11:02 A.M.]
To: Steffan Griffiths <029 2018 0743>**

Hi, Steffan. I'm with the electrical contractors at the former Millway train station site now. The electrical system was in worse shape than we had originally thought. The rewiring and upgrades are going to cost more than expected because we want to modernise while still retaining the historical integrity of the building. I'll send over the estimate as soon as I receive it. I'm hoping that all the work will be completed so that we can open as planned in May.

New Hotel to Open in South Wales

CARDIFF (18 April)—The Millway Road Hotel is scheduled to open on 14 May. The building was once a busy train station that was designed by Arthur Lewison over 150 years ago.

For almost three decades the building had been left unoccupied. It was purchased two years ago by Steffan Griffiths, president of Griffiths Hoteliers.

According to project coordinator Fausto Forletti, the old building required extensive renovation not only to turn it into a hotel but also to update the electrical, heating, and plumbing systems.

The hotel has 25 guest rooms, a meeting room, and a restaurant with banquet facilities. All of Mr. Griffiths' facilities are noted for their world-class dining experiences. The hotel's Bayside Café has award-winning Welsh chef Mal Davies to create a menu and oversee the restaurant.

In the near future, Mr. Griffiths plans to expand the property's garden.

For information and reservations, visit www.millwayroadhotel.co.uk.

Millway Road Hotel

Review posted by Mi-Yeon Ko

I recently attended a small conference at the Millway Road Hotel, which opened in June. As a computer technician, I was pleasantly surprised to find that it had such up-to-date facilities. Both my room and the meeting room had more than enough electrical outlets to plug in equipment and charge mobile phones and computers. The complimentary wireless Internet service was easy to access. On top of that, the food was delicious and the guest rooms were beautiful.

191. Why did Mr. Forletti send the text message?
- To explain why a project's cost will increase
 - To ask for help in solving an electrical problem
 - To warn that a delivery will be delayed
 - To discuss a problem with a contractor
192. Where was Mr. Forletti when he sent the text message?
- On a train
 - At a restaurant
 - At a proposed hotel site
 - In an electrical contractor's office
193. What does the article suggest about Mr. Lewison?
- He is purchasing a hotel.
 - He created a dining menu.
 - He was the architect of a building.
 - He is the coordinator of a renovation.
194. What does the article indicate about the Millway Road Train Station?
- It included a world-class restaurant.
 - It was owned by Mr. Griffiths' father.
 - It was located near a famous garden.
 - It had been abandoned for many years.
195. What is suggested in Ms. Ko's review?
- The hotel's guest rooms are quite large.
 - The hotel did not open as scheduled.
 - A café is located on the hotel's top floor.
 - Internet access was too expensive.

From: Carol Yates
Subject: CCS Conference
Date: 1 June
Attachment: Conference schedule

Dear Staff,

The 12th annual conference of the Caribbean Culinary Society (CCS) will take place here in Jamaica from 16 to 20 July. I have received a request from Chef Regina Tufton, chair of the organising committee, to conduct two workshops. It is an honour to be invited by such an accomplished culinary expert, someone who is also the author of five cookbooks on Caribbean cuisine. More importantly, it is a wonderful opportunity for Yates Restaurant to showcase some of its award-winning delicacies.

The first workshop will focus on cooking techniques inspired by French cuisine. As Assistant Chef Duane Munroe has distinguished himself in this regard, I have asked him to help me with this presentation. The second workshop will address the challenges and rewards of running a food establishment. Since Zavia Pinnock has been doing an outstanding job of managing our restaurant, I have requested her input on the topic.

I encourage each of you to attend one or more conference sessions. Of course, the restaurant must remain open and be well staffed during the conference period. So that I can be sure that we have enough staff on hand during the period of the conference, please let me know by 21 June the day(s) and time(s) of the session(s) you wish to attend. For your convenience, a copy of the conference schedule is attached.

Date:	June 1
Subject:	Baseball night

Clay,

You may remember that we recently discussed ideas for an outing for the employees and their families. I think the best idea is to go to a baseball game. I have always enjoyed taking my family to see the Billington Buffaloes, our local team. You might have noticed that several of the photos in my office were taken at the stadium! And since I usually see other staff members at the games, I think this will appeal to most of our group.

Could you please set this up for June 28? I believe it can all be done online if you prefer. By my calculations, we will need 45 tickets in total, but please double-check this number. Also, I would like food to be provided. Let's limit our cost to under \$20 per person and make sure the seating is covered just in case the weather is poor. Please send me the details as soon as the tickets are purchased.

Thanks,

GRI Ready for Action

By Antoine Williams

Although considered by many to be the running capital of Ontario, the city of Barrie is also home to several public swimming establishments, including the Galewood Recreation Institute (GRI). The institute boasts two indoor pools, one used for recreational swimming and the other reserved for special programmes, such as swimming lessons and lifeguard certification.

This summer, the institute will add intensive swimming and safety certification classes. "It is our high season," said Herbert Gagnon, institute

director. "Our pools are indoors, which allows for swimming all year, but in the summer people naturally have more time for recreation and new activities in general." Summer classes will be offered mornings, afternoons, and evenings. "We hope that we can accommodate everybody's schedule," continued Gagnon. "Our classes aim to serve not just children, but all age ranges and levels of experience." For additional information, please call 905-555-0142 or visit www.galewoodrec.org.

Regal Properties
34 Weston Road, Halifax NS B3J 3P4

January 3

Dear District Council Members,

My firm is interested in purchasing the building at 1210 Prince Street. Since this property has been on the market for almost five years, it has fallen into disrepair. Regal Properties is willing to invest what is necessary to update the building.

In addition, we would like to convert three of the apartment units on the ground floor facing the street into space for businesses. However, the property is zoned only for residential use. Would you consider rezoning the property to allow for mixed residential and business use?

Sincerely,

John Stone
John Stone, Owner

**District Council of Halifax
Meeting Minutes of January 21**

In attendance: Mayor Stuart Kaplan and all council members

Old business

➤ Council member Amanda Mueller reported satisfactory progress on the Wells Park cleanup project.

➤ Council member Harold Glass submitted a final version of next year's budget. The proposed budget was unanimously approved.

New business

Community resident and building manager Carla Phillips spoke to express opposition to the rezoning of 1210 Prince Street under consideration by the council. Ms. Phillips is concerned that the increased pedestrian and vehicular traffic will make the street too crowded. She thinks it will also be difficult for residents of her building, Lighthouse Apartments, located at 1208 Prince Street, to park in the neighborhood.

The council agreed to consider the zoning issue at their February monthly meeting to give additional residents on Prince Street an opportunity to voice their opinions.

You can have it all!

Enjoy a wonderful lifestyle at 1210 Prince Street!

- Newly renovated apartments with one or two bedrooms
- Contemporary upscale kitchens
- Triple-pane insulated windows
- Coffee shop, dry cleaners, and convenience store on street level
- Expanded parking area exclusively for residents of 1208 and 1210 Prince Street starting in December

Hello everyone,

I am reaching out to you to determine when we can meet. Since news about the creation of our Business Alliance is generating interest within the community, it is time to create some written materials to promote ourselves.

I would like to spend time at our meeting formulating an action plan for soliciting members. I have attached a draft agenda. It should not take long to coordinate our assignments for speaking to local business owners, but we could probably save meeting time by doing this online before the meeting.

Please send me an e-mail with your availability for the next few weeks. I understand that Sasha Zimmer is out of town until early July, but I still hope we can find a meeting date and time that will work for everyone.

Considering Flextime?

by Romy Johnson

Many employees wish to work a nonstandard schedule, available through a system known as “flextime.” Flextime may involve working nontraditional hours or working more hours on some days and fewer on others. — [1] —. Although commonly viewed as a benefit to workers, flextime can also benefit employers by increasing employee satisfaction, helping in recruitment of new talent, and permitting longer hours of coverage at the business without increasing the number of employees or incurring overtime costs.

Employers who are interested in such arrangements should first consider several factors. — [2] —. They include the

number of workers who want to take advantage of the program, how employees’ hours will be tracked, and whether flextime will interfere with daily business.

Then a policy must be created that includes details specific to the company’s needs and preferences. — [3] —. Employers should revisit this information from time to time and make changes as necessary. And of course, prior to implementation, employers will want to consult with their legal team to make sure the proposed policy complies with laws concerning wages and hours. — [4] —.

Powell Internship Programme

HJP Transport Solutions, Ltd., headquartered in London, seeks university students to fill ten intern positions in its Powell Internship Programme (PIP). Interns will be placed in one of HJP's three regional offices: Birmingham, Manchester, or Bristol. Applicants should email a statement of interest and résumé to pip@hjp.co.uk by 31 March. Successful candidates will have the honour of being the first recipients of the Powell Internship.

Background:

PIP is the initiative of Tristan Powell, who wanted to honour the ingenuity of Henry J. Powell, the founder of HJP Transport Solutions, Ltd. The programme seeks to inspire young engineering students to follow in Henry J. Powell's footsteps and propose and develop innovative solutions to shipping and transport problems. Having earned his doctorate degree in engineering, Henry J. Powell went on to found HJP Transport Solutions, Ltd. Over time, he built the company into a successful, internationally renowned business. Dear Mr. Luzzatto:

Thank you for your call during which you went over the details of the design of the jars with us. The containers are quite unique and will certainly make Bivila's cosmetic products stand out from those of our competitors.

After talking with my team, I have one more question. We ship throughout Europe and occasionally to Asia. Do you have recommendations regarding packing methods and filling materials for cases in which the jars are packaged? I visited Elvinna's and looked at the space that you suggested might be right for our company's anniversary celebration. Their catering menu would suit the various preferences of our expected guests, now numbering over 250. Currently the room is available on two Saturdays, 15 July and 5 August; it is also available on Wednesday, 23 August. Note that this last date would qualify for a nice discount.

Let me know if I have your approval to book this room. We need to make a decision quickly before other parties reserve those dates. I'll be in touch soon about rescheduling the awards ceremony in May.

Dear Ms. Cho:

Since you were away last week, you might not yet know all the details of the situation with the Web site. Shannon Gehring, our Web designer, was in the middle of revising the site when a severe thunderstorm hit our area. Our servers were struck by lightning and sustained some damage. While they were being repaired, the museum's Web site was down for two days.

I know you are planning to send an e-mail to members today, asking them to help us meet a fund-raising goal by 30 June, the end of our fiscal year. Our site is back online now, and includes a new comment page that can be used for this fund-raising event. Please let me know if you need additional information.

14 June

I am such a big fan of the Knight Museum! I have been taking advantage of some of the museum's wonderful programs. The recent series of watercolor painting classes with local artist Leroy Davis was terrific. This experience with watercolors will help me appreciate the museum's current exhibition of Japanese watercolor paintings even more; I'm looking forward to taking a tour of the exhibition next week.

I already contribute as a museum member, but I just made an additional donation online today after I received a fund-raising e-mail from the museum's director. It was easy to access the Web site, although I had trouble last week. I hope others will support the museum by contributing before the 30 June deadline. The Knight Museum's programming is worth it.

Community Project to Showcase Pottersville Artists

By Laurence du Bois

POTTERSVILLE (May 21)—At the opening of this year's Small Business Fair in Pottersville Central Park yesterday, the Pottersville Chamber of Commerce announced Images of Success, a community initiative that seeks to promote Pottersville businesses by way of public art. Through the project, local artists will work with area business owners to create original murals on storefronts throughout the city.

To apply, business owners must submit a description of their business's role in the

community and document that their business has been in its current location for at least two years. Artists interested in participating must complete an application in which they describe their connection to Pottersville and submit samples of their own original artwork.

Both business owners and artists should submit applications to Timothy Freel at tfreel@pottersvillecoc.gov by June 15. The city will reimburse artists for approved supplies up to a limit of \$150.

Attachment:	<input type="checkbox"/> Draft #2

Dear Mr. Freel,

It was a pleasure meeting with you earlier this week at Jam Café to talk about the design for the Images of Success mural project. I hadn't been to Jam Café since it reopened, and it was great to see the finished renovations. In fact, the owner of the café recently bought one of my paintings to display in the café.

As you suggested, I have adjusted the color scheme to include only the colors from Jam Café's interior. Please let me know as soon as possible whether you would like me to make additional changes.

Best,

Haruka Goto

Jacqueline Garza, better known as Jaq, was born and raised in Austin, Texas. As a child, Ms. Garza loved to dance and play sports. She particularly excelled at basketball and, following her high school graduation, she was offered a professional contract with the local Austin team. However, she chose to pursue a university degree in economics instead. After completing her degree, Ms. Garza admitted she was still happiest playing basketball, and finally joined the Austin team.

Ms. Garza is known for her skill and speed as well as her kindness and team spirit. Off the court, she founded an organization called Reading is a Breeze. This organization provides resources to libraries that receive limited funding for print and audio books, young-adult periodicals, and digital reading devices. It even provides glasses to children whose parents have difficulty purchasing them on their own.

From: Anita Wyatt <awyatt@bonvue.ca>

Subject: Celebrity spokesperson

Date: 18 March

Dear Henri:

As promised, I researched a possible celebrity endorser to work with us on the expansion into the United States market. Jacqueline Garza is a professional basketball player from Austin, Texas, with an interesting background. Her nonprofit foundation, which focuses on children's literacy, has a natural connection to our products at Bonvue. You can learn more about her by visiting her Web site, www.jaqgarza.com. If you approve of the idea, I will try to connect with her agent to negotiate her compensation.

I also spoke with Mr. Roy this morning. He says that because the publicity campaign has been temporarily delayed, Marketing does not need us to have the spokesperson lined up until June.

Best,

Anita

MEMO

To: Customer Service Personnel
Subject: Meeting next Friday
Date: November 19

Last week we conducted a study to gather opinions about our customer service. The data are in and they look good. Most people expressed satisfaction with their communication with our representatives. Their questions about packaging services, shipping charges, and the status of their parcels were answered professionally and promptly.

One area that we need to address is the low number of referrals. Few customers we approached reported telling others about our services. Based on the answers, most people are repeat customers who always rely on us for their shipping needs, or they choose us based on our advertising. Clearly, we fail to request referrals properly.

Therefore, our meeting next Friday will center around this topic. I will design materials and practice activities to correct this shortcoming. But I would also appreciate it if you could come up with some creative ways to improve our referral rate. Send me your suggestions and I will be sure to include them in our discussion. I look forward to hearing from you all.

You may have noticed that the air-conditioning is not functioning in parts of the building.

Simon Miano 10:19 A.M.
I noticed. The temperature and humidity are rising fast in here.

Jorge Avila 10:20 A.M.
A condenser is down, and the fix is not quick or cheap. The last time one broke it took a week to get a replacement. I'm glad that it's not too hot this week. The technician is on the way, but for now, feel free to plug in a fan.

Simon Miano 10:24 A.M.
I'm afraid the computer servers may overheat. Do we have any portable units we could set up in the Information Technology office?

April Denner 10:25 A.M.
We really can't afford to lose them.

Jorge Avila 10:26 A.M.
Not in this building. With Ms. Denner's OK, we could use the van to pick up the ones in the warehouse in Mindones. I think we have 3 or 4 there. But the earliest I could get back is tonight.

April Denner 10:28 A.M.
Jorge, I'm authorizing you to make an emergency purchase of portable AC units for the IT office right away. Please decide on the number of units needed, determine the cost, and report back to me as soon as you have set up the purchase.

Jorge Avila 10:28 A.M.
I'll get started on that now.

Saying Yes to Financial Success

EDINBURGH (3 April)—Yolanda Abascal had intended to study fashion design when she first entered university in Manchester 30 years ago. But while working one summer at a small clothing boutique, she discovered a love for retail. — [1] —. To pursue her new dream, she earned a business degree instead and opened a small store in her hometown of Edinburgh called Say Yes To Yolanda.

Fast-forward to today, and Ms. Abascal's small store has expanded to a successful enterprise that earns millions of pounds each year. — [2] —. This success is in part due to the magic of Vihaan Kulkarni, whom Ms. Abascal hired four years ago to develop a parallel virtual store, YesYolanda.com. It was Mr. Kulkarni's idea to rename the flagship store Yes Yolanda to match its digital identity.

Ms. Abascal is a strong proponent of

personal interaction, and she loves engaging with her customers. — [3] —. However, she realizes that an online presence is important. Yes Yolanda expects earnings from online sales alone to rise to more than £140 million this year. Nearly two-thirds of these sales will come from outside Scotland, mainly the United States, Singapore, and Australia.

Yes Yolanda's workforce has expanded accordingly. Besides hiring people with technical skills to update and run the Web site, the company has just added an in-house photography studio.

"The studio ensures that items are photographed in a timely fashion for online display," said Ms. Abascal. "This is a necessity, since new products are added every week." — [4] —.

Although Ms. Abascal says she does not know what the future holds, it would seem that the only direction for Yes Yolanda is up.

- 172.** What is the purpose of the article?
(A) To profile several local companies
(B) To discuss fashion trends in Scotland
(C) To illustrate how a business has grown
(D) To advertise a new photography service

(A) Its sales have held steady for years.
(B) It opened its first store in Manchester.
(C) Its Web designer recently won an award.
(D) It used to be known by a different name.
- 174.** The word “fashion” in paragraph 5, line 2, is closest in meaning to
(A) form
(B) style
(C) event
(D) manner
- 175.** In which of the positions marked [1], [2], [3], and [4] does the following sentence best belong?
“She still believes she can best meet their needs when they shop at her physical store.”
(A) [1]
(B) [2]
(C) [3]
(D) [4]

Name: Agnes Kowalski

Company: Alexsy Corporation

E-mail Address: akowalski@alexscorp.net

Subject: Web-conferencing issues

Please describe the problem you are experiencing.

We started using your Web-conferencing software in June and have been pleased with it overall. Yesterday, however, we had several interruptions in service during an important training session. In the middle of our meeting, the screen suddenly went black and a notice appeared stating, "Quipwerx is down for maintenance." Several employees were calling in from overseas, and after this notice appeared multiple times, we decided to reschedule. Is there a way for you to inform us of your maintenance schedule in advance? If not, I will probably terminate my membership. I must be confident that I can use your product anytime I need it.

Dear Ms. Kowalski,

Thank you for contacting us with your concerns. The issue you had this past Wednesday was caused by servers that crashed due to a database communication issue. We could not anticipate this problem, so we were unable to warn customers in advance. I assure you that this type of occurrence is very rare.

In light of your comments, we have decided to reword our alert message from "down for maintenance" to "experiencing technical difficulties." That way customers will know the problem is due to unforeseen circumstances rather than routine maintenance. As a matter of fact, our software is hardly ever down for maintenance. When we work on an upgrade, the software is unavailable for just a few minutes, if at all.

We regret the inconvenience this has caused you and are truly grateful for your feedback. In appreciation of your business, we will be waiving the service fee on your company account for this month.

Sincerely,
Cindy Trautman, Quipwerx Support

Dear Mr. Sukbara,

Per your request, I have reserved your round-trip ticket to Perth. Departure from Sydney is 20 July, and return from Perth is 24 July, which should perfectly accommodate your 21–23 July Trade Show. The itinerary is attached.

Make sure that your items do not exceed the airline's maximum allowable weight and size requirements. Please let me know how many items you wish to check so that I can make the prepayment for you.

Re:	Donation

Dear Mr. Perez,

I am the owner of the Morris Country Inn in Canton. It will be closing permanently when I retire next month. I have many pieces of furniture in excellent condition—beds, desks, easy chairs, and more. A friend suggested that this inventory could be donated to your organization. The New Start Home branch in Hartford seems to be the closest to my inn, and I see that you are the store manager there. We are located almost 35 miles away. Can I arrange a pickup of these goods at my establishment?

A New Rail Line for Salvador

By Leonel Menendez

(14 November)—The government of the state of Bahia has finally arrived at a decision about who will take charge of the railway project between Salvador and Paripe. — [1] —. After an unexpectedly long selection process, the Secretariat for Urban Development announced last week that a proposal had finally been selected.

A joint venture between SOA International and ROOV Project Management was chosen to receive the contract. — [2] —. The Secretariat had insisted that a Brazilian firm be included in the contract. SOA International has long been involved in rail projects throughout Brazil, Spain, and the Middle East. The Swiss company, ROOV Project

Management, was recently selected as Project Management Company of the Year by the International Project Management Institute. — [3] —.

The line will be constructed in two phases. The first phase will make use of an existing rail line that runs from Salvador to Plataforma, but the track will be replaced to accommodate the light-rail cars that SOA will build. The second phase will continue with the construction of a new track from Plataforma to Paripe. The long delay in settling on a vendor has caused the Secretariat to offer incentives for the project to be completed in 30 months. — [4] —. However, Spokesperson David Rios of ROOV has said that 36 months would be the minimum reasonable time to complete the project because of unpredictable weather, labor, and supplies.

Posted on 15 May 11:49 AM by Frederick Wambu

Two weeks ago I ordered a shipment of books through dealdirect.co.ke. I did not receive the shipment, which was scheduled for 20 April. I called the shipping company, and the representative said that she has a record of someone accepting the package, but the signature is not legible. Ashby Logo Gets a New Look

(30 July)—A new logo for the city of Ashby was unveiled by Mayor Charles Cavanaugh on Tuesday. The logo and its accompanying slogan, “Ashby Connects,” will be put to official use immediately. — [1] —.

The new design uses elements from Ashby’s original logo, including the red banner and the year of the city’s founding. — [2] —. But an image of the city’s skyline in silhouette gives the new design a more contemporary feel. The slogan communicates Ashby’s focus on creating community connections. — [3] —.

While Mayor Cavanaugh insists that the new logo is popular, not everyone is happy. “Why all the fuss?” asked lifelong resident Noelle Davidson. “The old logo was very recognizable. I don’t know why they went to the trouble of replacing it.” — [4] —.

Local maps and the letterhead for official correspondence have already been printed with the new logo. Residents will also soon see it in promotional campaigns for events in the area, such as the annual used-clothing drive and the summer music festival. To: s.gillis@stephengillis.net
From: pete@bartharchitecture.com
Date: Thursday, October 2
Subject: Re: Contract

Dear Mr. Gillis:

Thank you for sending me your signed contract. It was good to meet with you last week and to hear about your vision for the woodworking business you hope to create.

Based on the features you want your woodshop to have, I have some solid ideas with which to move forward. From our conversation, I also understand that you have some cost concerns. I will certainly be conscious of this when working on the design plans and will be sure to use materials that are both structurally sound and economical. You can expect some preliminary sketches within the next two weeks. Once you have looked them over, let's set a time to meet again, at which point any adjustments can be made and finalized.

I have already noted where your large pieces of machinery will be located. However, please let me know if you change your mind about anything, as I will need to figure out where the high-powered electrical outlets should be installed. For the purpose of safety, I am required to ensure that all large pieces of equipment such as table saws have their own dedicated circuits.

I am looking forward to collaborating with you to turn your ideas into reality.

Best regards,

Pete Barth

Questions 181-185 refer to the following online article and reader comment.

<http://www.thecentervilleetimes.com>

The Centerville Times, June 1, “Music on the Water”

The magical melody of a violin wafts into downtown Centerville. The sound of a cello joins in. Curious tourists look around, trying to figure out the source of the music. They gradually realize that members of an orchestra are in plain sight, seated on a boat docked in the Centerville harbor.

“Music on the Water” began 30 years ago when Brigitta Carlson had an old cargo boat renovated and then performed the first musical performance from the boat’s deck. Today, “Music on the Water,” a chamber orchestra, offers weekend performances on the original boat in the same harbor location.

The musicians are currently led by Maestro Arthur Silverman, an acclaimed violinist, who plays in the performances each week. “We have expanded our schedule to offer a record number of concerts—over 50 each year,” explains Maestro Silverman. “Certain programs are now tailored to specific audiences, like young listeners.”

“Music on the Water” performs on many Friday and Saturday evenings at 6:00 P.M. Tickets can be purchased online at www.musiconthewater.org. Family concerts are scheduled on Sundays at 2:00 P.M. No tickets are needed for family concerts, but patrons are encouraged to arrive early to ensure seats are available.

<http://www.thecentervilleetimes.com/musiconthewater/comments>

I have enjoyed “Music on the Water” ever since I was a child. In fact, I will never forget listening to the founder’s very first performance, with the melody of her flute floating up to my family’s third-floor apartment facing the harbor. When I was a little older, I used to save my coins so that I could purchase my own ticket to a concert on the boat. “Music on the Water” has had a wonderful impact on the harbor area. I wonder if *The Centerville Times* would consider publishing a piece on the history of this neighborhood, which I am still proud to call home.

Thank you,
Roberto Padilla

Advertising with Mix 92 Radio

Marilyn Nguyen, 13 August
Has anyone advertised with Mix 92 Radio?

James Defort, 15 August
I have had advertisements running on Mix 92 Radio since last March. It has proved to be a smart choice: in recent months I have seen a significant increase in the number of customers visiting my business, Defort Automotive. Many tell me it was the radio advertisement that brought them in.

When I signed a contract with the station, there was a problem with some unexpected charges. However, Ms. Jager from the advertising department brought my concerns to her supervisor, and the matter was quickly resolved. Ms. Jager even checked back with me a week later to ensure I was pleased with the outcome.

To: All staff
From: Kathrin Jager
Date: 29 September
Subject: Final broadcast

Dear All,

As my internship at Mix 92 Radio draws to a close, please know that working here has been a wonderful experience for me. I am grateful for the training and advice I have received over the past twelve months. I especially want to thank my boss and mentor, Alison Alvey, from whom I have not only learned the fundamentals of radio advertising, but also how to meet customers' needs. Her nomination for this year's Australis Trophy speaks volumes about her dedication to her clients and staff.

I also appreciate the video recording you presented to me, showing me at work and at play here. I will miss joining many of you for lunches at the Hot Spot Café.

Best wishes,
Kathrin Jager

Olinawe is a Fusion of Flavours

DONCASTER (21 March)—After many years of hard work, chef Amina Ikegami is opening her own restaurant in downtown Doncaster.

Ms. Ikegami trained at Chesterfield Culinary Academy and worked as a junior sous chef at the Sisra Bistro for three years. She spent the last twelve years on staff at Delmourel's, where she held the title of executive chef for the past four years.

Ms. Ikegami has won several awards, including the UK Innovative Chef Award. Although she is sad to leave Delmourel's, she is thrilled to fulfill her longtime dream of owning her own restaurant.

Ms. Ikegami's new restaurant, Olinawe, features a menu influenced by the many varied flavours of her childhood. She was raised in England in a family with French, Senegalese, and Japanese heritage. Being exposed to so many different food traditions is what inspired her to become a chef.

"My mother and father are great cooks themselves," says Ms. Ikegami. "I loved having all these cuisines in one house, and I always strive to bring that fusion of cultures into my cooking."

Olinawe opens officially on 25 April and will serve lunch and dinner Tuesdays through Sundays.

Unfortunately, I will not be able to attend this event. I will be in France that weekend teaching a class on making pastries. But once I am back, I will definitely be coming by for dinner.

Questions 164-167 refer to the following article.

New and Notable in Tarryville

Many in our small city thought we would never have a restaurant-delivery service. — [1] —. But thanks to two enterprising young people, we now have TVL Delivers! Alicia Kazarian and Theresa Cho were in their final year at the local university when they came up with their plan last May. “We were studying for exams one night and wanted to avoid going out for dinner. We were frustrated by the limited options available in Tarryville for food delivery. We wanted an easy way to find, order, and pay for our meals. — [2] —. But no such service existed here,” said Ms. Cho.

In an effort to fill the food-delivery gap in Tarryville, TVL Delivers connects diners and restaurants on an online platform that serves each of their needs. — [3] —. Restaurants can reach a broader clientele, and customers can choose from an impressively diverse list of vendors, select and order their food, and pay through one of a number of online payment methods, all

from the convenience of their home or office. The restaurants partnering with TVL Delivers are spread across most of Tarryville’s neighborhoods and offer food options to suit any budget. — [4] —. “We think we’re off to a good start, but we already have improvements in mind,” said Ms. Kazarian. “Some food-delivery services promise that orders will be delivered in as little as 30 minutes. We hope eventually to deliver within a specified time, but we need to ensure that all aspects of our service are working properly before officially making that promise.”

The head of the Tarryville Business Council, Barry Porter, expressed enthusiasm for the new business. “Of course, I am always excited for a new business to open here in Tarryville. But this is a business that local residents have long wished for. And, with the recent opening of Crisley Office Park on the south side of the city, I am sure TVL Delivers will be a success.”

- 164.** What is the purpose of the article?
- (A) To review a restaurant that just opened
 - (B) To interview a famous Tarryville resident
 - (C) To report on the construction of a new city building
 - (D) To describe a recently launched business
- 165.** According to the article, what is NOT offered by TVL Delivers?
- (A) Guaranteed delivery times
 - (B) Online menus
 - (C) Convenient payment options
 - (D) A variety of participating vendors
- 166.** What does Mr. Porter suggest about the businesses at Crisley Office Park?
- (A) They will soon move to another location.
 - (B) They will order from TVL Delivers.
 - (C) Some of them will be restaurants.
 - (D) Some of them will hire local university students.
- 167.** In which of the positions marked [1], [2], [3], and [4] does the following sentence best belong?

Dear Mr. Tomesen,

I would like to thank you again for the opportunity to interview for the position of staff photographer with Slepoy Marketing. Although I am disappointed that I was not chosen, I enjoyed meeting you and your staff. Your decision to go with another candidate does not diminish my belief that your company is a first-rate marketing firm, which rightfully deserves the many awards it has won.

Incidentally, during our meeting you happened to mention your upcoming mountain-themed campaign as well as the fact that your company often hires freelance photographers. I will be traveling in Asia for the next three months, and plan to shoot landscape photographs that might be appropriate for this campaign. Should you be interested, I would be happy to send you some of those pictures.

New Theatre Almost Ready

By Nigel Smith

LIVERPOOL (15 August)—Work is nearing completion on a new theatre, which will become the first new theatre in the city for the past 20 years. The Cricket Theatre, which is being built on the site of the former Fletcher shoe factory, will have an auditorium that can seat 400 patrons. The theatre will be operated by the Watts-Spicer Group, which owns three other theatres, two

in London and one in York.

The venue is expected to open in October, said Watts-Spicer's chairperson, Colin Watts. "We have just completed the longest stage of the project, which was slower than expected due to back-ordered seats from Australia. We are expecting to open with the musical *Backup* on 30 October." The Cricket Theatre will host a variety of productions, from traditional plays to special engagements with artists of all kinds.

Cricket Theatre's *Backup* Is Wonderful

By Clara Kennedy

LIVERPOOL (2 December)—The Cricket Theatre's first production, *Backup*, opened last night to a full house. Theatregoers were clearly delighted by this new musical, which is based on a true story. *Backup* follows Babette Jones, a young backup singer for famous musical acts, through her 23-year struggle to become a successful solo act. Liverpool native Tami McClure, as Ms. Jones, thrilled the audience with her wide-ranging vocals. Paul Robinson, who played her fearless manager, also put in a strong performance. Questions 181-185 refer to the following article and online review.

KENT (26 February)—Stellar Chocolates is a local business offering a wide selection of handcrafted delicacies. With two shops in Kent, the business is well-known in the area. Recently, however, Stellar Chocolates gained national recognition by earning top awards from the Chocolate Council last month.

Stephanie Davidson, who co-owns the shops with Brian Markus, emphasises the sources and quality of Stellar Chocolates. “Before launching the business, Brian and I spent several months travelling to areas of the world known for quality cacao-bean production. We inspected the plants and learned about traditional harvesting and roasting processes,” she said. In fact,

production started only after the co-owners had secured the finest ingredients for their products. They now incorporate a variety of other ingredients such as chili, basil, and even wasabi, to create a unique line of chocolates.

Demand for Stellar’s line has continued to grow, and the firm expects to open a third shop in Bath later this year. Ms. Davidson noted that they have found additional space in an old mill to be converted for retail use. “The new shop will be our largest, and we plan to establish a mail-order business so that we can ship not just domestically but also internationally,” she said.

The screenshot shows a web browser window with the URL <http://www.stellarchocolates.co.uk/reviews> in the address bar. The page title is "Customer Reviews". Below the title, there is a single review entry:

Today I visited the new Stellar Chocolates shop that opened a few weeks ago in the former mill, expecting to see an ordinary candy store. What a surprise! I was delighted to taste some free samples while watching the chocolates being made by hand. I even had a chance to chat with one of the owners, who told me about the origin of their business. She met her co-owner ten years ago in a class at university, and they came up with the business idea for an assignment. They got such positive comments from their professor and fellow students that they decided to turn their idea into a career project. I look forward to many future visits, as the shop is just around the corner from my home.

Canadian Dealer Meeting

By Josie Hopkins, *Kuraki Now* Staff Writer

Executives from Kuraki Motors returned to Toronto for an annual meeting of the nearly 1,000 Canadian representatives of the brand. The two-day event kicked off on Friday morning with CEO Katsuhiko Nakamuro, who gave a keynote address highlighting progress on the company's new manufacturing plant in Toronto. He was followed by Vice President Jiro Higa detailing increased production levels and expected growth. Attendees then had the opportunity to attend two days of seminars. But the highlight of the event was the unveiling of two new models, the sleek Daino sedan and Kuraki's new hybrid, the Pura. The models will be rolling into dealerships in August.
